Man of the Year 1960

ADIN E. LITTLE

The Little Family has been prominent in Hampstead activities for many, many years. Adin S. Little served as Selectman, Moderator, and Board of Education Member, as well as State Senator and Representative to the General Court, and it is only natural that his son, Adin E. Little, follow in his footsteps to carry on this great family tradition.

After graduation in 1918 from Hampstead High School Adin E. Little for 17 years worked in his father's store at the family homestead on Emerson Avenue where his mother, Fannie Little, still resides, then for the succeeding eight years Adin assumed full responsibility of the store. In 1943 he became affiliated with the Boston Beef Company where he remained until the store changed ownership a short time ago.

It was in these capacities that Adin won many friends among the townspeople and summer residents. His congenial

personality and good fellowship were qualities which contributed to his popularity and to the affection we all have for him. In all these years of serving the public, Adin, to our knowledge, has never made an enemy.

Adin joined Hampstead Grange at the age of sixteen and has retained his membership over the past forty-five years. He has been Secretary of the Jr. O.U.A.M. for several years and is a member of the Hampstead Congregational Church.

During the past thirty-eight years Adin has been our Town Treasurer and to him has been entrusted our town funds and records. This, being an elected office, is proof of our confidence in his honesty and integrity over this long period of time.

For his long tenure of office as a trusted public official:

For his active participation in our local organizations:

And for his service to our town as a merchant and
citizen:

We, the people of Hampstead, proclaim

ADIN E. LITTLE

Man of the Year 1960

BUILDING INSPECTOR

Russell Hall

NOTICES

INVENTORIES are mandatory. They must be filed with the Selectmen on or before April 1st. Forms are distributed with Town Reports. Please note that a description of the property which will enable the assessing officials to locate and identify each parcel is necessary. A phrase such as "Same as last year" or "no change" is not sufficient.

VETERANS should understand that it is **their responsibility** to request forms for tax exemption, and that these must be in the hands of the Selectmen by April 15th, if they are to receive consideration.

THE SELECTMEN will meet in their office on the first Saturday of each month at 7:30 P.M.

THE PLANNING BOARD — To eliminate undue delay in acting on requests by citizens for the services of the Planning Board, this Board will meet at the call of the Chairman.

Any citizens with business for Planning Board action may contact the Chairman or Secretary and a meeting will be called for consideration of the subject matter.

TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Hampstead in the County of Rockingham in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Hampstead on Tuesday, the Fourteenth day of March, next at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

General Government	\$7,450.00
Protection of Persons and Property	4,750.00
Health	1,640.00
Highways and Bridges	11,700.00
Libraries	1,400.00
Public Welfare	3,300.00
Patriotic Purposes	350.00
Public Service Enterprises	1,400.00
Interest	500.00
County Tax	7,500.00
	<hr/>
	\$39,990.00

3. To see if the town will vote to authorize the Selectmen to hire money for the use of the town in anticipation of taxes.

4. To hear reports of Auditors and Committees and to act thereon.

5. To see if the town will vote to authorize the Selectmen to administer or dispose of any Real Estate by public sale acquired by the town through Tax Collector's deeds.

6. To see if the town will vote to raise and appropriate a sum of money not to exceed Twelve Thousand Eight Hundred Dollars (\$12,800.00) for a new Fire Truck. Payments to be extended over a period of five years. The truck to be purchased under the supervision of the Fire Engineers.

7. To see if the town will vote to raise and appropriate a sum of money not to exceed One Thousand Five Hundred Dollars (\$1,500.00) to paint the Town Hall.

8. To see if the Town will vote to raise and appropriate a sum of money not to exceed Three Hundred Dollars (\$300.00) to be used in conjunction with the Two Hundred Sixty-Five Dollars (\$265.00) received from the sale of the Town Tractor, to purchase a Salt Conveyer.

9. To see if the town will vote to raise and appropriate a sum of money not to exceed One Thousand Six Hundred Dollars (\$1,600.00) for the purpose of purchasing the Shoe-Shop property, so called, said property to be used for recreational purposes.

10. To see if the town will vote to raise and appropriate the sum of Five Hundred Dollars (\$500.00) for the necessary layout and preparation of suitable roads in the West Hampstead Cemetery addition. Cemetery Trustees.

11. To see if the town will vote to raise and appropriate a sum of money not to exceed Five Hundred Dollars (\$500.00) to improve and maintain the two (2) baseball diamonds located behind the town hall and high school area; with any surplus funds to be returned to the town upon the completion of the job. By request.

12. To see if the town will vote to accept State Aid Construction of Class V roads and raise and appropriate, or set aside for said purpose the sum of Two Hundred Thirty-Eight Dollars and Seventy-Five cents (\$238.75). State's share \$1,591.68.

13. To see if the town will vote to amend the Building and Zoning Ordinance of the Town of Hampstead as follows:

ARTICLE XII House Trailer and/or Mobile Home Regulations.

Section I Provisions for Temporary Locations

1. The Selectmen may issue to any property owner, or lessee, in Zone A only, as an accomodation, a permit to park no more than one house trailer or mobile home at any time, of a non-paying guest, for a period not to exceed 90 days in any one year. If it is to be used as living quarters, it must conform to the sanitary protection requirements of the State of New Hampshire and the Hampstead Board of Health.
2. The Selectmen may issue a 90-day permit for the temporary use of a house trailer or mobile home to be maintained as living quarters during construction work; or as an office, store room, or shop in connection with said construction work, provided that such use is shown to be for a temporary period and also that the use will conform with the sanitary protection requirements of the Hampstead Board of Health. Permit may be renewable.
3. Any violation will be subject to penalties as outlined in Article IX, Section II of the Building and Zoning Ordinance of the Town of Hampstead.

Section II Provisions for Permanent Locations.

1. Any house trailer or mobile home used as living quarters will be allowed in Zone A only, and it must conform to all building and zoning ordinances applicable to living quarters of a permanent nature, as set forth in the Building and Zoning Ordinance of the Town of Hampstead and the National Building Code. A building permit must be obtained from the Building Inspector.
2. Any violation will be subject to penalties as outlined in Article IX, Section II of the Building and Zoning Ordinance of the Town of Hampstead.

14. To see if the town will vote to amend the Building and Zoning Ordinance as follows:

To change Article II, Section XII to read:

A building lot in Zone "A" shall contain a minimum of 20,000 square feet, shall have a frontage on a street, and shall have a width of no less than 125 feet on the street side of the lot. A waterfront building lot in Zone "B" shall contain a minimum of 7,500 square feet, shall have a frontage on a street, and shall have a width of no less than 75 feet on the street side of the lot. A building lot in Zone "B" other than a waterfront lot shall contain a minimum of 9,000 square feet, shall have a frontage on a street, and shall have a width of no less than 90 feet on the street side of the lot. Lots shall be rectangular in shape if possible.

15. To see if the town will vote to accept the donation of One Thousand Dollars (\$1,000.00) made to the Town by the Cohen Foundation Camps, Inc.

16. To see if the town will vote to raise and appropriate a sum of money not to exceed One Thousand Dollars (\$1,000.00) for the purpose of removing dead elms on town property.

Given under our hands and seal, this twentieth day of February, in the year of our Lord nineteen hundred and sixty-one.

PAUL C. GIBBONS
DORIS M. SPOLLETT
GEORGE L. CHASE
Selectmen of Hampstead

A true copy of Warrant — Attest:

PAUL C. GIBBONS
DORIS M. SPOLLETT
GEORGE L. CHASE
Selectmen of Hampstead

The polls will be open to vote for Town Officers from 10 A.M. until 9 P.M. The appropriations for the money to be raised will be during the evening hours, beginning at 8 o'clock.

BUDGET OF THE TOWN OF HAMPSTEAD, N.H.

Estimates of Revenue and Expenditures for the Ensuing Year January 1, 1961 to December 31, 1961. Compared with Estimated and Actual Revenue, Appropriations and Expenditures of the Previous Year January 1, 1960 to December 31, 1960.

	Estimated Revenue Previous Year 1960	Actual Revenue Previous Year 1960	Estimated Revenue Ensuing Year 1961
Sources of Revenue			
From State:			
Interest and Dividends Tax	\$1,000.00	\$984.31	\$975.00

REPORT OF THE FIRE ENGINEERS

In the past year we have had nine fire calls; two woods and grass fires, six minor miscellaneous fires and three major building fires.

The major fires were as follows: the home of Mary Bernard, the old shoe factory and the barn at Picards farm.

Once again we thank the residents of Hampstead for the caution used in building outside fires. Our grass and woods fire record for the past two years is one of the best in our state.

We had one out-of-town fire which was the Shaw residence, East Road, Atkinson.

For the year 1960, I have issued twenty-eight oil burner permits.

At this time I would like to thank everyone who has helped me while I have been fire chief and hope you will give the same support to our new fire chief.

GENE T. DUSTON,
Chief of Board of Engineers

PREVENTION IS YOUR BUSINESS

Carelessness, HUMAN CARELESSNESS, causes 9 out of 10 forest fires. Each year 200,000 fires burn over 30 million acres in the United States. This represents 5 percent of our nation's woodlands being wasted each year. Every fire takes its toll. Floods follow; stream flow is affected; timber, buildings, grazing and wildlife are destroyed — all because MANY are CARELESS with fire in and near woodland. This can be remedied. YOU can put an end to this shameful waste! PREVENTION is YOUR business!

YOU, whether YOU be a farmer, homemaker, business or professional man or woman, municipal, state or federal official, clerk or woodsman, can play an important part in the continuing and vital prevention program.

First — by setting a good example YOURSELF — being sensible and complying with the necessary laws and regulations governing the use of fire in and near woodlands.

Second — by using YOUR individual influence in your community and valued council with others in insisting and encouraging them to do likewise.

The following simple rules may be used as a guide both for YOU and for them.

1. Before burning, secure a permit from your local forest fire warden — the law requires it.
2. Be sure to properly supervise your burning — don't leave it.
3. Make certain your fire, camp or debris, is DEAD OUT before leaving it.
4. Don't throw down lighted matches, cigars and cigarettes or from moving vehicles — make sure they are out — use your ash tray.
5. Don't burn at home — use your town dump and save yourself much possible difficulty, both personal and financial.

Number of local fires — no forest fires.

Number of acres burned — none.

Number of permits issued — 36.

MERTON A. WEBBER,

District Chief

LEVI E. DUSTON,

Forest Fire Warden

REPORT OF THE POLICE DEPARTMENT

To submit the annual report of the Police Department is an occasion which brings about much pleasure. It is a document which makes it possible to enlighten the residents of the Town of Hampstead as to the past duties of the department and it's future goals.

Recognition and thanks goes to the members of the department for their excellent cooperation. A word of praise also goes to the wives of these officers. Many summer afternoons, when families are enjoying summer activities, they remain at home while their officer husbands patrol an ever increasing flow of traffic.

Records of the year 1960 indicate a number in excess of 300 calls received by the department. Two cases of breaking, entry and larceny were solved with the recovery of material valued in excess of four hundred dollars. Records indicate seven court cases resulting in court appearances of the officers.

The Police Department with the financial support of the Civic Club sponsored a long-to-be remembered Hallowe'en Party for the town's younger citizens. One hundred seventy-five attended after school and approximately one hundred attended during the evening. Much satisfaction and pleasure is gained by the members of the department in these undertakings.

Sadness and sympathy is extended to the families of the two teen-agers who lost their lives in an auto accident in July on the West Road. It is hard to ascertain God's reasoning but we can only assume that He had a better role in Heaven for them. This fact never-the-less offers little consolation to those who suffer such a tremendous loss.

Much new equipment has been procured by the department. Each officer has complete uniforms including regulation yellow rain coats and hats. Several lights have been purchased and one new .357 Magnum revolver has been added to the list of firearms.

Appreciation goes to the town inhabitants for their co-operation in making our duty as easy as possible. Time brings about situations that are distasteful to the department as well as certain individuals. Fulfillment of our obligations to the town is our only wish. Reassurance is expressed to you of our ever present willingness to assist in any situation which warrants.

Respectfully,

KENNETH H. CLARK,
Chief of Police

CIVIL DEFENSE REPORT

On Tuesday, May 3, 1960, a nation-wide exercise of defense installations was held.

The alert came through at 2:10 P.M. and was handled in excellent manner by the personnel of the Red Net Work. All Clear Signal was given at 3:23 P.M. The alert signal was sounded by the Fire House siren and a number of the Civil Defense officers reported in person.

The Police Department placed men on the various roads and stopped all traffic. Request to take-cover was cheerfully

obeyed by those who were stopped. The school cooperated by holding a take-cover test in the basement of the Central School building.

During Hurricane Donna, the Police Department and your Civil Defense personnel again cooperated. They patrolled the various roads in the Town and had two calls notifying us that large branches had fallen from trees in West Hampstead and East Hampstead and were impeding traffic.

The Town Highway Department drew the large branches to the side of the road, thereby opening the roads for normal traffic. Later we were advised that another large branch had been down on Kent Farm Road. This was all of the known damage resulting from the storm.

On December 7, 1960 (Pearl Harbor Day), another test was held, in which the public was not asked to participate. The alert was received by the Red Net Work at 9:16 A.M. and transferred to the Director, at the Fire House. The All Clear Signal (the only signal for this test) was sounded on the siren. It consisted of 5 thirty-second blasts, a wait of two minutes, and then another 5 thirty-second blasts. A number of the Fire Department members responded, although this was not required, for this test.

On the evening of December 6, 1960, a news article advising about the test was printed in the Haverhill Gazette and the Haverhill Journal.

During the year, various Civil Defense pamphlets were distributed, among which were: "Fire Fighting for Householders," and "First Aid Bulletin."

Your Director is proud of the genuine interest displayed by the Civil Defense Personnel and their eagerness to cooperate wholeheartedly.

Respectfully submitted,

WILLIAM J. MADDEN

PLANNING BOARD REPORT

The Planning Board again was active during 1960 and is now holding regular monthly meetings on the first Monday of each month. The public is invited to attend.

Home building in the Town is progressing at a moderate pace. New subdivisions have been opened in East Hampstead, Island Pond, and on Route 111.

A public hearing was held on Thursday, Dec. 1, 1960 in the Town Hall, for the purpose of acquainting everyone with proposed trailer and mobile home regulations. Your Planning Board has incorporated the general recommendations suggested by those present. They are printed in the 1960 Town Warrant for your action.

With the assistance of the State Planning Commission, we have had a limited number of copies of the Building and Zoning Ordinance and Land Subdivision Regulations, printed. The cost to the Town for this work was exceedingly reasonable. These booklets are for the use of builders and/or land subdividers.

Each member of the Planning Board has given unstintingly of his time and efforts, and all have been happy to be in the Town's service.

The Board also appreciates the advice and counsel given by our ex-officio member, Selectman George L. Chase.

The many visitors to our meetings throughout the year showed keen interest in the Board's undertakings.

We trust that during the coming year your attendance at our meetings will increase.

Respectfully submitted,

WILLIAM J. MADDEN,
Chairman

AUDITORS' REPORT

We hereby certify that we have examined the foregoing accounts of Selectmen, Tax Collector, Treasurer, Town Clerk, Trustees of Trust Funds, Road Agent, Library Trustees, Sexton and Police Chief for the year ending December 31, 1960, and find them correctly cast and proper vouchers therefor.

STANLEY P. JOHNSON,

LINCOLN K. DRAKE,

Auditors

REPORT OF THE LIBRARY TRUSTEES

During the past year, we are pleased to report an increase in the use of the Library facilities. We feel this is due in part to the increase in population of the town, as well as the fact that new books and magazines for all ages are constantly being added to meet the increased demand for new reading material.

The installation of a flag-pole and purchase of a new flag were not completed this year, but intentions have not been abandoned. We still plan to complete this project in the very near future.

The allotment for purchase of new books will be spent with the emphasis toward science and the contemporary trend in reading matter this year. Any suggestions the reading public may have will be gratefully received.

We wish to take this opportunity to thank our many friends of the Library, who so thoughtfully contribute magazines, literary bulletins and books. For the fine cooperation extended by all during Library Week and to our Librarian whose services are so much appreciated by all.

Respectfully submitted,

THEODORE HADLEY
ESTHER ORCUTT

LIBRARIAN'S REPORT FOR 1960

It is with pleasure that this Annual Report of the Hampstead Public Library is presented to you. As in previous years we have lost some borrowers who have left town but many new names appear on the register. At present we have 455 enrolled as compared to 399 last year. The young mothers and fathers of Hampstead are to be commended for the keen interest they display by making it possible for their children to visit the library regularly and borrow books. I am confident that these parents are being rewarded for their efforts along this line.

The New Hampshire Congregational-Christian Church sponsors a contest called Adventures in Reading. Members of the Hampstead Church have entered this contest and are very anxious to read the books listed for the contestants. To meet these requests we have purchased a good number of the books and others have been borrowed from the Bookmobile in Exeter or directly from the State Library in Concord. Let me again emphasize the great service rendered by these agencies. Miss Christie Heath, Chairman of Adventures in Reading, in the Ladies Social Circle, would be pleased to enroll you in the contest for another year.

For the past few years our library has observed National Library Week during April. Last year was no exception. I am glad to report that the observance proved very successful. Tuesday was designated as Children's Day. The Principal of the Central School, Mr. Seth O'Shea, together with all members of the faculty accompanied the pupils to the Library. The day turned out to be a very stormy one. Through the kindness of Mr. Gordon Monroe and Mr. Frank Howard, the children were transported to and from the library in the school buses. The first group, Grades 1-4, after looking over the exhibits on display, were entertained by the children of Miss Christie's Kindergarten. Following this visit the pupils of Grades 5-8 made their visit. This group displayed much interest in the exhibits on views of early

Hampstead, old coins and paper currency, relics of World War II, American dolls of different periods, as well as dolls from foreign countries, free hand drawings and art. Before their departure all pupils were served refreshments under the supervision of Mrs. Warren Ells and Mrs. Joseph Leonard. On Wednesday afternoon open house was held for the Adults. On their arrival at the library the guests were invited to browse among the books and look over the exhibits. Mrs. Rachel Sanborn then invited the guests to make a tour of the Bookmobile. This feature proved very enjoyable to the visitors who then proceeded to the Church Vestry where a Silver Tea was served. Mrs. Laurence Cornwell and Mrs. Richard Orcutt, Trustees of the Library, poured. Rev. Theodore Hadley then introduced Mrs. Sanborn who gave a very enlightening talk on the work of the library and the way the Bookmobile functions. She also stressed the fact that in a great many towns and cities in New Hampshire groups of people are forming organizations called "Friends of the Library." These groups are proving very beneficial to the Library. It is the earnest desire of your librarian that the good people of Hampstead will see fit to organize such a group in the near future. Many thanks go to Mrs. Herbert Johnson and Mrs. Allen Pomeroy for their fine work in arranging the table for the Silver Tea, also to Mrs. Frank Howard and Mr. and Mrs. Carroll Dustin for the splendid job they did in preparing the refreshments. Many favorable comments were received concerning the afternoon activities and we feel it was a worthwhile project.

The typewriter from the High School which was donated to the Library by the School Board has proved to be very helpful. We want to express our thanks for this gift, also for the text books which were donated. The people of Hampstead have been generous in their donations of books and magazines. Space does not permit me to enumerate the donors, but we are indeed grateful.

This being the 100th Anniversary of the Civil War it was felt wise to purchase a good History of the War. One published by the American Heritage Publishing Company

was chosen. Its fine illustrations and good print make it very popular. A set of books "The Creative Science Series" consisting of the following books: "Planets, Stars and Space," "The Earth's Story," "The Way of the Weather" and "Atoms, Energy and Machines" was purchased. We have tried to help direct the reading habits of the young people so they will choose from the classics, biographies, books on science and on art as well as books of fiction. As a result more and more non-fiction books are borrowed by this group. We have purchased many of the best sellers as they are always in demand.

The wonderful cooperation of the Trustees is deeply appreciated. Thanks is due Mrs. Warren Ells for so ably substituting for me.

A cordial welcome is extended to all who wish to visit the library.

Respectfully submitted,

BERTHA L. WHITENECK,

Librarian

ANNUAL REPORT

of the

SCHOOL BOARD

of the

TOWN OF HAMPSTEAD, N. H.

OFFICERS OF THE SCHOOL DISTRICT OF HAMPSTEAD

BOARD OF EDUCATION

Name	Term Expires
Horace Tarleton, Chairman	1961
Charles B. Clark	1962
John Mirabito, Jr.	1963

OTHER OFFICERS

Name	Title
Laurence Cornwell (elected annually)	Moderator
Elizabeth Currier (elected annually)	District Clerk
Abbie Randall (elected annually)	District Treasurer
Richard Low (elected annually)	District Auditor
Irene Brickett (elected annually)	District Auditor
Wendell V. Davis	Superintendent of Schools

SCHOOL WARRANT
STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the Town of Hampstead qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the thirteenth day of March, 1961 at 7:00 o'clock in the afternoon to act upon the following subjects:

1. To choose all necessary School District officers for the ensuing year.
2. To hear the reports of Agents, Auditors and Committees, or Officers chosen and pass any vote relating thereto.
3. To chose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
4. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the school board to certify to the Selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.
5. To see if the district will vote to add the services of a teacher of Special Education to the Union Staff. This would not be effective on a Union basis until September 1962, and would not raise any money in the 1961-62 school year.
6. To see if the district will vote to raise and appropriate Five Hundred Dollars (\$500.00) to improve the town baseball diamond to the rear of the fire station. This diamond can be used by the Pony League and all children of the town, as well as being used by the Central School baseball team.

7. To see if the district will authorize the school board to make application for and to receive, in the name of the district, such advances, grants-in-aid or other funds for educational puposes as may now or hereafter be forthcoming from Federal, State, local or private agencies.

8. To transact any further business that may legally come before the meeting.

Given under our hand at said Hampstead this twentieth day of February, 1961.

HORACE P. TARLETON

CHARLES B. CLARK

JOHN J. MIRABITO

School Board

The Polls will be open to vote for District Officers from 7:00 to 9:00 P.M. The other articles of the Warrant will be taken up at 8:00 o'clock.

BUDGET WORK SHEET

This is a presentation of the budget work sheet upon which your School Board has been operating during 1960-61 and their estimated expenses for the year 1961-62. It must be taken into consideration that monies appropriated in the month of March, to be used in the following year do not necessarily correspond in individual items, because of the impossibility of projecting the rising price indexes twelve months hence.

SCHOOL DISTRICT OF HAMPSTEAD

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Hampstead:

I am presenting herewith my Fifth Annual Report as Superintendent of Schools in Hampstead. A report from the Principal, the remedial reading teacher, the nurse and the music supervisor will discuss more in detail the activities of the school. Statistical reports are listed separately.

Personnel

Last September, Peter Teloian of Methuen, Massachusetts, a graduate of Lowell Teachers College, was added to the Central School staff and is now teaching grades 5 and 6. All members of last year's staff returned. I believe that your acceptance of an adequate salary guide and the realization of the value of reduced class size has had much to do with the high morale among the teachers and the wish to return. More important, this stability of the staff and the reduced class size produces better pupil achievement.

All teachers have continued membership in local, state and national professional organizations and I am extremely proud of the fact that Union No. 55 has one hundred per cent membership in these organizations.

Curriculum

Last year in my report I recommended that a class in Special Education be provided. The Hampstead budget included funds to do this on a part-time basis and by pooling our resources with three other towns in Union No. 55 we were able to establish such a course. A special report on this class follows my comments. It is interesting to note that Dr. Charles F. Ritch, Jr., Commissioner of Education for New Hampshire, in his talk last April to the New Hampshire Education Association delegates emphasized that they have the responsibility to exert leadership in presenting basic education needs to the people. One of the basic

needs was support for the mentally handicapped, and he said, and I quote, "We must understand that "special" young people who are in our schools today should be a part of the public schools, but should be put into specialized classes in order to meet their particular needs and, at the same time, to preserve the needs of the remainder of the children." New Hampshire's report on the White House Conference on Children and Youth has just been published and strongly advocates classes in special education. It is complimentary to you that you have seen this need and have taken steps to create this class, being one of the few smaller districts to do so.

Our remedial reading program is very effective and the continuance of this class is another step in the right direction to help more children succeed better in school.

Educational Television, another modern education tool, is available at the Central School. Channel 11 is providing more courses for us and we now have a much fuller program from which to choose.

The National Education Defense Act makes it possible to improve the curriculum in many areas, notably science. The Federal Government will pay one-half of the cost of math, science and modern language materials for use in the classroom. We should avail ourselves again of this opportunity to provide better class instruction.

I am recommending part-time secretarial help for the Principal to enable him during his two free periods to get into the classrooms and help in the supervision program. He should not be bogged down with clerical details when he could be doing a great deal more good in the classroom.

Again I want to congratulate you on the forward steps that you are taking to give the pupils of Hampstead a better education.

I would like to mention the White House Conference Summary Report on Youth Priorities 1960-1970 as it affects education:

Education is the main basis for the broad political participation and individual mobility essential for a free so-

ciety. To fulfill these needs, we must provide varied education opportunities to challenge each individual to realize his full abilities. It should be recognized that all institutions and programs designed to meet individual needs can, and should maintain high standards. To do this, local, state and Federal Governments, as well as individuals, businesses and non-profit bodies must greatly increase their support for education on all levels. Further, the teacher must be more adequately honored as an individual and recompensed as a skilled professional.

School Buildings

Last year the citizens of Hampstead voted an addition to the Central School. This addition will be ready this Spring and most important, we will be able to provide single grades in the elementary school for the first time. This is most important for the educational success of the pupils.

I believe you will be justly proud of the appearance of the building. To be sure it will not contain the renovations of the old section that were planned. That is immaterial. You have the essential features and it is designed to be completed when the people may wish to do so.

Your School Board has continued to maintain and improve the physical condition of the buildings in use. A regular painting program each year improves the appearance and protects the investment. The custodian can be congratulated for his work in maintaining an attractive "look."

I believe that the Building Committee should continue to be in force. The high school situation in this area is not clear. The Derry School District has not yet gone on record as to whether or not they will continue to accept Grade 9 pupils at the Hood School from outside towns. Pinkerton Academy, at the present time, is happy to accept Hampstead students. Haverhill, Massachusetts has building problems and no one knows exactly whether or not they will continue to accept students from other school districts. It is apparent then, that the school districts in this area should

continue to be thinking of a possible regional secondary school. The State of New Hampshire encourages this type of school and will provide more financial aid for construction.

Another factor that may change the situation is the possibility of reorganizing the supervisory unions to permit more supervision. Nothing was done this year by the State Board of Education even though State Legislature has approved two additional unions. Action was tabled and something could happen to be effective July 1962.

In the meantime, Union No. 55 is contemplating more help in the Union office and advocating more time for principals to supervise. In five years time Union No. 55 has increased 45 teachers or fifty-seven per cent, and 919 pupils or forty-three per cent. The budgets during this time have gone up \$683,270.00 or one hundred nineteen per cent.

You may wish to know that the reports I have received from the principals of the Hood School and Pinkerton Academy, relative to the conduct and achievement of the Hampstead boys and girls are most exemplary.

Community Organizations

Appreciation is expressed for the continued support and cooperation of the Parent-Teachers Association, the Civic Club, the Womans Club and all other organizations.

I wish to thank the School Board, teachers and children for their cooperation in making our work successful.

Respectfully submitted,

WENDELL V. DAVIS,

Superintendent of Schools

REPORT OF SPECIAL EDUCATION CLASS

The School Districts of Hampstead, Atkinson, Plaistow and Newton raised funds in their respective budgets this year to provide a part-time class in Special Education. By combining these resources it was possible to establish a full-time class for a group of children who would have either been excluded from school attendance or placed in a regular classroom where they would have been at a great disadvantage themselves, or created disadvantages for the regular students.

The Hampstead School Districts provided a classroom in the High School, and the other three districts have contributed rent and a share of the operational costs. The classroom was equipped with student furniture, tables, filing cabinet, and various teacher tools, and each town contributed to the supplies and testing materials.

At present there are eleven pupils in the class ranging in age from nine to sixteen. There are 3 pupils from Atkinson, 3 from Hampstead, 2 from Newton and 3 from Plaistow — with previous school attendance varying from less than a year to seven years. There are several other students eligible for attendance in the various towns, but transportation of these students to Hampstead presents a problem. At present the students ride on the regular school bus in their respective communities, and then are transported by station wagon to Hampstead. As more transportation facilities are available additional children will be admitted to the class. Pupils of varying degrees of ability are being taught at their own level, regardless of chronological age.

Mrs. Ruth Webster, the teacher, reports on class activities as follows: "In **Reading** pupils are divided into three groups working at first and second grade level. Reading is one of the most serious problems because of speech defects and various reading problems. We work on reading skills, sight vocabulary, word analysis, phonetic analysis and

word drill, reading for meaning and smoothness in oral reading.

Arithmetic, so important in our daily lives, is taught in three groups as well. All groups have worked together on oral problems, telling time and the concept of size, measurement and numbers. Group I has had carrying in addition and borrowing in subtraction, multiplication up to 8's and counting in 1's, 5's and 10's. They are working in a 3rd grade workbook and occasionally in a 4th grade book. Group II had simple addition and subtraction, with multiplication up to 4's. They have had board work, but are now using a 3rd grade book and workbook. Group III is learning numbers, how to write numbers and their meaning, and are adding and subtracting one and two place numbers. They have studied the calendar and time.

In **Language** most of the work is oral. We are emphasizing the use of complete sentences, correct verbs, correct speaking and manners in listening. Pupils enjoy "Show and Tell" periods when they speak in front of the class. Our **Spelling** has consisted of words from the Dolch Basic sight vocabulary and has been studied in conjunction with our **Handwriting**, when we write one letter a day in capitals and small letters and the basic sight words beginning with that letter. **Social Studies** has been about the Family and its Members, duties and habits. We also study the community and a field trip to the firehouse during Fire Prevention Week provided first-hand information about the equipment used by firemen. In **Science** the students have learned about trees of New England, the five senses, etc., and personal hygiene and cleanliness have been emphasized.

Music is enjoyed under the direction of the Music Supervisor. **Handwork** helps in job and community preparation and develops coordination and motor skills, so time is spent almost every day in handwork. Art work is correlated to the reading stories with seasonal pictures and bulletin board displays. For Christmas the pupils made felt bookmarks, bell lapel pins, change purses, foam tree deco-

rations, wall plaques and tree decorations from can covers with old Christmas cards and glitter. Girls are learning to knit and boys to make models of plastic and wood. A fire-house model was made by two boys, as well as weather-vanes.

Pupils have come to realize that the Special Class is not a "play" school, but a serious undertaking to help prepare them for a place in the world. Teaching a Special Education Class is a challenge, but it is certainly a very rewarding experience when one sees eyes light up with understanding and when progress slowly but surely is being made."

The present budget includes funds for the continuation of this class. The cost in the 1961-62 year will be considerably less as all necessary equipment has already been purchased. Hampstead will continue to house the class. The School District Warrant for each of these towns will contain an article giving the voters the opportunity to make this a regular Union service as of September 1962. There has been legislation introduced to the present legislative session to provide State Aid to programs of this nature and the class now in operation should be eligible for this support. By combining resources with other towns having similar needs, we are able to provide a class of this nature that would otherwise be financially prohibitive.

REPORT OF THE PRINCIPAL

To the School Board and to the Superintendent of Schools:

I hereby submit my second annual report as Principal of the Hampstead Central School.

Enrollment as of December 1960

Grade 1	22
2	31
3	27
4	16
5	22
6	25
7	19
8	24

Total	186
-------------	-----

Central's one hundred eighty-six students, an increase of twenty-four, will be moving into the much needed addition toward the end of the school year.

Academically, Central School children, on the whole, have shown a marked improvement over last year's achievement tests. The Stanford Achievement Test is designed to measure the important knowledges, skills and understandings of the pupils. The results of these tests are most gratifying and certainly indicate the strength of the instruction in our elementary curriculum.

The Science Fair, held during the April Parent Teachers Association meeting, provided parents and visitors with a variety of junior high school projects created by the students.

Hampstead Central School participated in the baseball league, which included nine other schools. The program certainly proved successful in further development of sportsmanship in our students. Hampstead won three and lost four for the season.

Graduation exercises were held for the eighth grade students in June. Through music and essays the class presented a program with the theme of "Hampstead Through the Years."

For the second year parents had an opportunity to visit school one night during American Education Week and observe their children and teachers at work. The program seemed to be enjoyed by all that attended.

The New England Mobile Book Fair again provided parents with an opportunity to purchase outstanding books, the profit from the fair being used to purchase additional library books.

Again this year Central is participating in the Annual National Spelling Bee sponsored by the New Hampshire Sunday News. The schedule is as follows: January-March 10, school champions selected; March 18-April 16, regional champions selected; April 29, State Champion Final Contest; May 28-June 3, National Spelling Bee Week; May 31, opening rounds of the National Contest; June 1, National Championship Finals.

On February 7, 1961, pupils will have an opportunity to hear a delegate from the International Farm Youth Exchange. Miss Elizabeth Robertson will speak and show slides of her trip to France.

In conclusion may I take the opportunity to thank the School Board, the Superintendent, Helping Teacher, supervisors, Nurse-Teacher, office staff, parents and friends, and my teachers for their support in carrying out another successful school year.

Respectfully submitted,

SETH O'SHEA,

Principal

REPORT OF THE REMEDIAL READING TEACHER

The second year of the remedial reading program is well under way and the fruits of our efforts are very worth while.

We know that children who do not learn to read reasonably well in the primary grades are less likely to learn when the diet of carefully controlled and gradually expanded vocabulary of basal readers is discontinued, and they are required to deal with the uncontrolled vocabulary of context area textbooks. Educators have found that specific skills and understandings are required if children are to be helped to be good readers. Through testing I have tried to ascertain what factors have brought about these reading difficulties; to pinpoint the specific reading weaknesses; to plan a course of action for each individual child. Therefore, the pupils are grouped not always according to grades, but rather according to their various reading abilities. Much work is done in word analysis, word meaning according to context, phonetic analysis and dictionary skills.

The following tests have been administered:

1. Stanford Achievement tests
2. Iowa Silent Reading tests
3. Lyons and Carnahan tests
4. Durrell Capacity tests
5. Durrell Analysis
6. Scott Foresman's tests for basic texts

I have found that with my remedial groups, these children have not been able to learn the regular reading skills thoroughly. With the younger children, faults like lip-reading, word-sounding and finger pointing are gradually being eliminated. Every day some reading skills are presented. There is always some oral reading which is a way of checking on the skills.

We realize that most reading problems occur in the primary grades. So we are being especially careful to take into the remedial groups pupils in grades 2, 3 and 4. Thus, we hope to "catch the little difficulties before they become

big ones." The classes run from 20 to 25 minutes, every day. Right now they are broken down as follows:

	pupils
Grade 2	4
3	7
4-5	5
5-6	5
4-6	4
<hr/>	
Total	25

In a relaxed atmosphere of a small group of four, the children are beginning to find out that, while necessary, reading also "can be fun." In these small groups, more attention can be given to the individual child, with the result that more is accomplished than can be done in large classes.

To help to give the children a better foundation in reading for understanding, the Board of Education has purchased the Science Research Associates Kit, "Reading for Understanding." It is a big help now, and will prove invaluable as time goes on. The Ginn and Company set of twenty phonics charts, plus the stand help also. One of our biggest helps is the S. R. A. Reading Accelerator. By using it, I hope to bring many of the children up to a normal reading rate. To supplement these, I have made many of my own devices, such as blend wheels, vowel games, etc.

To vary lesson presentations, I can use the tape recorder, the film projector and the opaque projector. Sometimes I use the Ditto machine when I want certain kinds of work to be written. The basic texts of Ginn and Company, with their work books, and the Reader's Digest Skill Builders are used for oral reading.

In September 1960, remedial reading classes began with an enrollment of thirty-three pupils. During the year, as the pupils are tested and show that they have advanced to, or above, grade level, they are dropped, and others come in for help.

Besides this work in remedial reading, I also teach, every day, two full periods of fifty minutes each, of reading in grade 7 and grade 8. A few seventh graders, who were in the remedial group last year, have progressed normally this year. It is gratifying to see that happen.

We are trying hard to improve reading skills. To the extent that we are successful in doing this, we can open to these pupils the possibilities of self-development which comes from the mastery of the fundamental tool of learning in our civilization.

Respectfully submitted,

CHARLOTTE ZIMMER,
Remedial Reading Teacher

REPORT OF THE NURSE-TEACHER

The School Health Program consists of yearly medical examinations by Dr. Raymond Moore and the Nurse-Teacher, G. A. Banks, R.N.

Grades 1, 3, 5 and 7 and new pupils are examined. Notices of defects are sent home to parents. A successful "follow-up" program has been carried out with the help of parents, clinics, and the School Health Program.

Doctor's Examination

Number of pupils to receive medical examinations	94
Number of pupils with defects	57
Tonsils	14
Ear infection and cerumen	6
Teeth	32
Orthopedic (feet—posture—scoliosis)	37
Lungs—bronchitis	4
Glands—cervical	1

Vollmer Patch Tests to be done in Grades 5 - 8 sometime in 1961.

Clinics attended were:

Child Guidance	1
Speech	1
Orthopedic	1
Sight Conservation program	1
Heart	1

Classes were held and exercises were sent to parents of children with pronated feet. A special program is being planned through the State Department of Health for parents.

All children receive a Hearing and Vision Test, and Height and Weight.

Number of pupils done	173
Height 171	Weight 171
Vision — 187, Defects 16 and 16 corrections	
Hearing — 173, Defects 6 and 6 corrections	
Color perception in Fifth Grade	31 negative
Pre-school children checked for strabismus (cross eyes)	15 checked — 2 referred
Number successfully vaccinated	32

Number of diseases reported to Nurse:

Mumps	1	Strep throats	5
Pneumonia	3	Scarlet fever	5
Virus Infection	3	Quincy sore throat	1

Cursory examinations are done the beginning of the school year and after each vacation to protect the pupils. This includes inspection of the head (for nits and bugs) — called pediculosis — also the glands, teeth, throat, ears and hands. Done by School Nurse-Teacher.

Skin—ivy poison—1 corrected 1

Defects found:

Teeth 90 corrected 90	Scalp 4 corrected 4
Posture 1 corrected 1	Tonsils 15 corrected 4
Speech 1 corrected 1	
Glands — cervical	1 corrected 1

Number of visits to school	55
Total inspections done by nurse	923
Total first aids rendered by nurse	38
Cursory examinations	657
Home visits	129

(For sickness, referrals, "follow-up" work, conferences or guidance when requested.)

Audio-visual program and Health Talks in class rooms at teacher's request are part of the nurse's work. These are on Nutrition, Posture, Pronated Feet, Vision, Hearing, Teeth, Clothing (according to the seasons), Sleep Habits, Personal Hygiene, Cleanliness in classrooms, corridors, and lavatories — drinking fountain, etc.

Pre-school registration, Clinics, Parent and Teacher and Principal and Nurse Conferences also Principal and Nurse and Teacher and Nurse Conferences.

Nurse-teacher is in Hampstead on Thursday and available at Pollard School office between 8:30 and 9:00 A.M. week days. The Nurse may also be contacted through the Superintendent's office in emergencies.

It would be most helpful if parents would report to school any sickness or reason for absence of a child. Report to the school and the nurse all contagious and communicable diseases. It is noted that some dentists do not believe in corrections of first teeth, however, notices to the parents of defects found on the Health or Medical examinations are to acquaint the parent with what the doctor or nurse have found and not in any way a complaint. It is to help the children. Noted also is the belief that corrections for posture and postural difficulties and flat and pronated feet are best done by exercises.

GWENDOLYN A. BANKS, R.N.

School Nurse-Teacher

REPORT OF THE MUSIC SUPERVISOR

The aim of the music program in the Hampstead schools is to bring musical enjoyment and understanding to each individual. Singing is the most important activity as well as the most solidifying force in developing unity of purpose and expression of brotherhood in the elementary school. Therefore, singing is the main emphasis in the music program. Other activities used in accomplishing the musical aim are listening, creating, performing, music reading and rhythmic work.

The primary grades spent the majority of the music time this year in singing, moving to music, and acting out the stories of the songs they sang. A great deal of tone drill and devices were used to aid the first, second and third grade children having difficulty in finding their high pitched voice.

In grades four, five and six, the major portion of music time was given to songs that required the children's recognition and application of note values, symbols, syllables, and rhythm. Unison and two-part songs were employed as well as rounds and canons.

In addition to studying some of the same activities as the intermediate grades, the junior high worked on the following units: Key signature and time signature review; Bach vs. Bop; writing a song; instruments of the orchestra; piano keyboard recognition; Johannes Brahms, Hungarian Dance; Edward MacDowell, How Music Grew (Indian Music), etc.

The Hampstead Chorus prepared musical selections for the 1960 Parent-Teacher Christmas meeting. The chorus also sang at the school Christmas program. All grades participated in this program by rendering songs and musical playlets. The program concluded with the entire school singing Silent Night.

It is hoped that out of the various musical activities presented the students not only have advanced in musical

skills and understanding, but so thoroughly enjoyed the activity that their interest and appreciation of all kinds of music has increased and will continue to increase all their lives.

Respectfully submitted,

EVAN R. WILLIAMS,
Music Supervisor

SCHOOL CALENDAR

1960 - 1961

Principals' Meeting, Thursday, September 1
Teachers' Meeting, Tuesday, September 6
Fall Term Begins, Wednesday, September 7
Fall Term Closes, Friday, December 23 (full day)
Winter Term Begins, Tuesday, January 3
Winter Term Closes, Friday, February 17
Mid-Winter Term Begins, Monday, February 27
Mid-Winter Term Closes, Friday, April 21
Spring Term Begins, Monday, May 1
Spring Term Closes, On or about June 19
Teachers dismissed, One day after schools close

This closing date allows for 3 days closed due to inclement weather, but this will vary according to holidays observed in each town.

HOLIDAYS

Teachers' Convention, Friday, October 21
Veterans' Day, Friday, November 11
Thanksgiving Recess, Wednesday, November 23 at noon,
November 24 and 25
Good Friday, March 31
Memorial Day, Tuesday, May 30

Starting in September, 1960, there will be no days credited for professional improvement. The new state law requires 180 days of actual school attendance.

ENROLLMENT IN HIGH SCHOOLS

The following tabulation shows the number of high school pupils, by grades, attending various schools, and their respective tuition rates:

Grades	Sanborn Seminary	Haverhill Trade	Hood Memorial Jr.	Pinkerton Academy
9	0	1	14	0
10	0	1	0	18
11	1	1	0	18
12	0	0	0	7
TOTALS	1	3	14	43
RATES	\$400	\$375	\$	\$375

ENROLLMENT IN GRADE SCHOOLS

The following tabulation shows the enrollment in the Central School with grade assignments as of September 20, 1960.

Teacher	Grade	No. of Pupils	Total
Patricia McCarthy	1	22	22
Ann Johnson	2	30	30
Ethel Scott	3	26	26
Sandra Jameson	4	17

In Memoriam

To

HARRY SUNANDAY

an honored citizen, a civic leader, and a true friend, who passed away on October 19, 1960.

May we ask the Great Provider, on evaluation day, to consider his noble deeds, so that he may be justly rewarded in the hereafter.
